

Secondary school desk h908_57

Single-seater school desk h908_57 with steel structure, 70x50 cm top and wire grid under-top shelf. Ergonomic, resistant and ideal for secondary schools.

The **single-seater school desk h908_57** is a professional furnishing solution designed for secondary school educational environments. Thanks to the combination of a solid tubular steel structure and a large work surface, this desk meets the needs for stability and prolonged comfort required during lesson hours. The design integrates a practical lower compartment that solves the problem of educational materials cluttering the work surface, favoring student concentration and organization.

Technical features

- **Supporting structure:** Legs in curved steel tube with a diameter of 28 mm, designed to guarantee maximum stability.
- **Worktop:** Surface measuring 70 x 50 cm, resistant to wear and with rounded corners for passive safety.
- **Under-top shelf:** Integrated wire mesh grid for storing books and notebooks.
- **Fixed height:** 64 cm, optimized for the posture of secondary school students.
- **Overall dimensions:** W 70 x D 50 x H 64 cm.
