

Secondary school desk with footrest h848_41

Secondary school desk h848_41 (70x50x76h cm) in melamine thickness 20 mm and Ø 28 mm tubular frame with footrest. Grey/metallic structure, ivory top.

The **Secondary school desk with footrest h848_41** is a single-seater rectangular table without an under-top shelf, designed for setting up individual workstations in secondary school environments and educational spaces. This piece of furniture solves the operational need to offer a stable work surface while facilitating the correct posture of students during lessons thanks to the integration of a footrest. Intended for schools, educational institutes, and training centers, the desk features a size classification 6, with dimensions of 70 x 50 cm, a height from the ground of 76 cm, and a net weight of 11.20 kg. The load-bearing structure consists of tubular legs with a diameter of 28 mm, supplied in Light Grey and Metallic colors. The rectangular work surface is made of Ivory-colored melamine with a thickness of 20 mm.
