

Secondary school desk without under-shelf h908_69

Single-seater school desk in Ø40 steel, 70x50 cm top without under-shelf. Ergonomic C-structure for secondary schools, height 76 cm.

The **single-seater school desk model h908_69** is a technical furnishing solution designed for setting up modern classrooms in primary and secondary education contexts. The distinctive feature is the **40 mm tubular steel C-structure**, which eliminates frontal leg obstruction to ensure students superior freedom of movement and easier access to the seat. The **without under-shelf** configuration responds to specific hygienic and organizational needs, facilitating floor cleaning operations and preventing the accumulation of unnecessary material inside the classroom.

Technical specifications

- **Top dimensions:** 70 x 50 cm
- **Fixed height:** 76 cm (ideal for upper school cycles)
- **Frame:** Circular section steel tube Ø40 mm with aluminum color finish
- **Structure geometry:** "C" design for maximum stability and space management
- **Worktop:** High-resistance surface with ivory color finish
- **Configuration:** Single-seater, version without under-shelf compartment
