

Self-service tray waste bin 80 lt h2200112

Plastic-coated galvanized sheet metal tray waste bin with swing door, locking bag-holder door and tray-stop shelf. 80 liters, 60x60x120 cm.

Professional **tray waste bin** specifically designed for collective and commercial catering environments (restaurants, fast food, canteens, self-service). It facilitates the rapid and hygienic disposal of residues from trays during service, keeping the work area tidy and functional.

The sturdy structure in **plastic-coated galvanized sheet metal** guarantees durability and resistance to the humidity typical of gastronomic environments. The **swing door** allows for intuitive waste disposal, while the **upper shelf with a three-sided tray-stop rail** provides a stable work surface. The **lower bag-holder door with key lock** allows controlled and secure access to the container, preventing tampering.

Technical features

- Structure in plastic-coated galvanized sheet metal
- Swing door for tray emptying
- Upper shelf with 3-sided tray-stop rail
- Lower bag-holder door with key lock
- Adjustable nylon feet
- Capacity: 80 liters
- Dimensions: W. 60 × D. 60 × h. 120 cm
- Weight: approximately 42 kg
- Available colors: grey, white, beige
