

Semi-circular school table h848_29

Semi-circular table h848_29 (130x65x53h cm) in 25 mm thick melamine and Ø 40 mm tubular. Combinable, for nursery school classrooms.

The **Semi-circular school table h848_29** is a school piece of furniture designed for setting up classrooms and educational spaces dedicated to early childhood. This table solves the operational need to create flexible and safe work configurations, allowing both individual use and the combination of multiple modules to set up classrooms. The structure reduces the risk of accidental impact thanks to the design of the semi-circular top with rounded edges. Aimed at nursery schools, daycares, playrooms, and educational centers, the furniture consists of a 25 mm thick melamine top and a 40 mm diameter tubular structure. The table has dimensions of 130 x 65 cm with a height from the ground of 53 cm and a net weight of 20.50 kg. The structure is supplied in Light Gray and Metallic color variants, while the top is made in an Ivory finish, with the possibility of requesting the top in a different color upon request.
