

Semi-gloss urban furniture bench h140_535

Urban furniture bench with 3-seater capacity, RAL 2000 semi-gloss painted galvanized steel. Dimensions: L 150 x D 66 x H 77 cm.

The **H140_535 urban furniture bench** is a solid, durable, and aesthetically distinctive solution for furnishing **public spaces, parks, squares, pedestrian areas, and green areas**. Featuring a **RAL 2000 yellowish orange semi-gloss finish**, it offers a modern design that integrates perfectly into the contemporary urban context.

The structure consists of **2 shaped supports in 30x30 mm galvanized square steel tube** with fixing plates at the base. The anatomical seat and backrest are made of **14 profiles in 40x20 mm oval tube**, also in galvanized steel, welded onto special templates that guarantee **comfort and resistance**. Each profile is equipped with **PVC end caps**, to ensure durability and protection from external agents.

The surface treatment includes a **complete and certified thermosetting powder coating cycle**, with application of an **epoxy-based anti-corrosive primer**, **sandblasting**, and **double oven curing at 180°C**, guaranteeing excellent **resistance to atmospheric agents, corrosion, and UV rays**.

The bench is **supplied in an assembly kit** with steel hardware and detailed instructions. It is prepared for **ground fixing using anchor bolts and expansion plugs** (not included).

Give quality and design to public spaces with a resistant and certified bench. Order the **H140_535 urban furniture bench** now or request a personalized quote for custom supplies!
