

Service sideboard for restaurant with upper shelves h09_205

Extra-large service unit for restaurant dining rooms (136x48x155h cm). Melamine structure with 2 upper shelves, 3 cutlery drawers, 2 doors and wheels. Available in Walnut, Carbon and Ash.

The **restaurant dining room service sideboard** is the definitive solution for those who need a spacious, organized, and professionally designed operating station. Made entirely of **melamine-faced wood**, this model stands out for its generous width of 136 cm, which allows for the centralization of everything needed for service in a single strategic point in the room. The configuration is designed to maximize organization: it features **3 cutlery drawers** (2 of which are complete with internal dividers), **2 lower doors** with an internal compartment and **two practical open upper shelves**. This vertical structure allows you to keep both tableware and decorative or immediate-use accessories such as menus, oil cruets and glasses close at hand.
