

Service trolley for hotels h462_49

Metal and polypropylene catering trolley (103x51 cm) with 3 shelves of 45 kg and non-marking wheels. Ideal for room service and silent clearing.

The **h462_49** serving trolley is a professional solution designed to optimize room service operations and table clearing in high-frequency catering contexts. The combination of a **metal load-bearing structure** with polypropylene shelves ensures an optimal balance between operational lightness and mechanical resistance, solving issues related to transporting heavy loads and bulky dishes in environments where discretion is fundamental.

Technical characteristics

- **Total dimensions:** W 103.2 x D 50.8 x H 96 cm
- **Configuration:** 3 large flat-surface shelves
- **Load capacity:** 135 kg total (45 kg distributed per single shelf)
- **Materials:** Metal uprights and high-density polypropylene shelves
- **Mobility:** 4 non-marking swivel wheels for smooth movement
