

Service trolley for restaurant h504_18

Steel service trolley with 3 shelves, 860x540x940 mm. Professional solution on wheels for tableware transport in the HoReCa sector.

The service trolley **h504_18** is a professional tool designed to optimize clearing and tableware transport operations within restaurants, hotels, and accommodation facilities. The structure entirely made of **steel** guarantees maximum hygiene and prolonged resistance to the daily stresses typical of collective catering.

The **three-shelf** configuration allows for rational organization of the load, separating plates, glasses, or trays according to operational needs. Thanks to the four multi-directional wheels, the trolley ensures smooth and quiet movement, reducing operator effort even under full load.
