

Service trolley length 100 cm h09_260

Service trolley in AISI 304 stainless steel with 2 soundproofed shelves 90x60 cm, $\varnothing$ 25 mm tubular structure and multi-directional wheels with bumpers.

The service trolley **h09_260** is a professional logistics solution designed to guarantee maximum hygiene and resistance in sterile or high-intensity work environments. Entirely built in **AISI 304 stainless steel**, it features a tubular load-bearing structure with a diameter of 25 mm that gives structural stability even at full load. The two shelves are stamped in a tray shape with rounded edges to facilitate cleaning operations and prevent the accumulation of residues, while the satin finish and the **integrated soundproofing** system drastically reduce noise pollution during movement.

Technical features

- **Material:** AISI 304 stainless steel with satin finish
- **Configuration:** 2 tray-stamped shelves with rounded edges
- **Shelf dimensions:** 900 x 600 mm
- **Total dimensions:** 1000 x 700 x 940 mm (WxDxH)
- **Structure:** Tubular $\varnothing$ 25 mm
- **Movement:** 4 multi-directional wheels $\varnothing$ 125 mm
- **Protection:** Corner bumpers in soft rubber
- **Total capacity:** 100 kg
