

Service trolley with 2 shelves h83308

Service trolley h83308 in aluminum and plastic with 2 shelves of 50 kg each. Dimensions 86.5x42.5 cm, ideal for HoReCa and agile handling.

The **h83308 service trolley** represents an essential professional solution for optimizing workflow in the **HoReCa** sector. Designed to meet the needs of restaurants, hotels, and canteens, this tool facilitates the transport of dishes, ready meals, and supplies, drastically reducing the physical effort of operators and service times between the kitchen and the dining room.

The **aluminum** supporting structure combines lightness and structural strength, ensuring excellent maneuverability even when fully loaded. The two **reinforced plastic** shelves are designed to support heavy loads, while the raised perimeter edges act as a protective barrier against the accidental fall of objects during movement. The configuration with multi-directional wheels and an integrated parking system makes it versatile on various types of professional flooring.

Technical features

- **Structure:** High-resistance aluminum, lightweight and anti-corrosion
- **Shelves:** 2 reinforced plastic surfaces with rounded corners
- **Safety:** Raised perimeter edges on each shelf
