

Service trolley with 3 shelves h730_02

Stainless steel service trolley with 3 shelves and 120 kg capacity. Hygienic and resistant solution for transporting dishes in canteens and catering.

The **h730_02 professional service trolley** represents an indispensable solution for streamlining workflows within canteens, refectories, and large kitchens. Designed for the intensive transport of dishes and meals between rooms or towards the washing area, this tool optimizes clearing and service times, while ensuring the highest food safety standards thanks to its entirely metallic structure.

The **three-shelf** configuration allows for handling significant load volumes, while the use of **stainless steel** ensures superior resistance to corrosion and ease of sanitization fundamental in HoReCa environments. Maneuverability is guaranteed by a system of oversized wheels that facilitate overcoming small level differences or floor joints.

Technical characteristics

- **Material:** high-resistance stainless steel
- **Configuration:** 3 loading shelves
- **Total load capacity:** 120 kg
- **Clear space between shelves:** 275 mm
- **Shelf dimensions:** 800 x 500 mm
- **Mobility system:** 4 wheels Ø125 mm (2 equipped with parking brake)
- **Wheel supports:** galvanized steel
- **Overall dimensions:** 900 x 600 x 950 mm
