

Service trolley with removable shelf h314_158

Service trolley for clearing in 18/10 stainless steel, with 2 removable shelves h 60 mm and swivel wheels. Dimensions 1100x560x900 mm.

The **service trolley h314_158** is a professional solution designed specifically for clearing and handling operations in HoReCa and canteen contexts. Made entirely of **18/10 stainless steel**, the 20x20 mm square tube structure ensures excellent structural stability and high resistance to intensive cleaning cycles. The distinctive feature of this model is the presence of **removable folding shelves**, which optimize load management and component sanitization.
