

Serving trolley equipped with 2 shelves h492_04

Professional stainless steel serving trolley with 2 shelves (80x50 cm) with welded frame and anti-corrosion wheels for hotels and catering.

The **h492_04 serving trolley** represents a professional solution indispensable for streamlining service in hotels, catering, restaurants and company canteens. Entirely made of **stainless steel**, this tool is designed to withstand intensive work cycles, while ensuring maximum hygiene and a long operational life thanks to the welded frame structure that eliminates the weak points typical of mechanically assembled models.

Technical features

- **Material:** High-resistance stainless steel.
- **Configuration:** 2 deep-drawn shelves with raised edges for liquid containment.
- **Movement system:** 4 swivel wheels Ø 125 mm, 2 of which are equipped with pedal brakes.
- **Wheel supports:** Zinc-chromed steel frame with anti-corrosion properties.
- **Supporting structure:** Fully welded frame consisting of two Ø 25 mm arched tubular members.
- **Acoustic comfort:** Shelves equipped with anti-vibration synthetic panels to reduce noise during transit.
- **Shelf dimensions:** 800 x 500 mm.
- **Clearance between shelves:** 591 mm.
- **Upper shelf height:** 851 mm.
- **Overall dimensions:** L 895 x D 595 x H 960 mm.
- **Operating weight:** 14 Kg.
