

Shaped beech chair h908_25

Size 3 school chair with “C” shaped Ø28 mm steel structure and beech plywood shell. Dimensions 32x32x35 cm, resistant and stackable.

This **school chair** is designed to ensure maximum resistance and stability in high-traffic educational environments. The characteristic “**C**” **shaped structure** with a sled base facilitates movement and ergonomics, making it ideal for modern classrooms. The integration between the steel tube and the natural beech wood ensures correct postural support for students, meeting the durability needs typical of the school sector.
