

Silent 55-liter hotel minibar h3449

Silent 55 lt h3449 absorption minibar with LPC technology. Made in Italy, walnut/black panelable door, stand-by function and capacity for 1.5 lt bottles.

The **Silent 55-liter hotel minibar h3449** is an excellent cooling solution that combines a high load capacity with an extremely refined design. Made entirely in **Italy**, this model resolves the need for total aesthetic integration thanks to the **panelable door** available in black or walnut finishes, making it ideal for both visible installations and placement within built-in furniture. The technological heart of the device is the innovative **LPC technology (Low Power Consumption)**: an advanced electronic system that, via a precision probe, optimizes the internal temperature guaranteeing **absolute silence** and reduced energy consumption. The latest generation absorption system is enriched by the **stand-by function**, which automatically adjusts the temperature to the minimum during prolonged periods of inactivity, further reducing the energy requirement of the hospitality structure.

Technical features

- **Production:** Made in Italy
- **Capacity:** 55 lt
- **Refrigeration system:** latest generation silent absorption system
- **Technology:** LPC low consumption electronic system with stand-by function
- **Energy class:** G
- **Power supply:** Voltage V 230
- **Energy consumption:** 1.15 kW/24h
- **External dimensions:** W 485 x D 460 x H 560 mm
- **Net weight:** 18 kg
- **Thermal performance:** Internal temperature 6°C with ambient at 25°C
- **Door:** panelable (black or walnut) and reversible
- **Closure:** magnetic for a perfect seal
- **Maintenance:** automatic defrost
- **Internal layout:** double shelf and double door balcony*
- **Warranty:** 2 years

Optionals

- 4.5 cm feet to facilitate mobility
- 6 cm wheels
- Applicable handle to facilitate opening
- Security lock

* The door drink balcony allows for convenient placement of 1.5 liter bottles.
