

Silver funeral trolley h687_95

Silver aluminum funeral trolley, foldable and lightweight. Capacity: 300 kg, wheels Ø 20 cm. Made in Italy design and technology for professional use.

The **silver funeral trolley h687_95** is a professional support designed to combine maximum strength and maneuverability during the transport of coffins. Made entirely of **aluminum**, this device meets the needs of operators in the **funeral and cemetery** sector for a lightweight yet extremely robust tool, capable of supporting loads up to **300 kg**. Thanks to its foldable structure, the trolley solves the problem of space during transport on service vehicles, reducing to only 13 cm in thickness when closed. The **Made in Italy** design and technology ensure smooth movements and a sober aesthetic, fundamental for maintaining decorum during ceremonies.
