

Single design bike rack h867_03

Design steel bicycle rack. Available in various colors.

Single bike rack for urban furniture, ideal for furnishing urban environments with design and style. The item features a **steel structure** made of 60 x 10 and 40 x 10 plates. The identification plate allows identifying the product's function even from a distance. Thanks to the **powder-coated finish**, the bicycle rack is particularly resistant to wear over time and weather conditions.

Technical features:

- Material: steel
- Identification plate
- Powder coating
- Available in various colors
- Dimensions: 480 x 60 x 900 mm
- Weight: 16 kg

**Image purely indicative. The bike rack is sold individually*
