

Single half-moon table h172_258

Single half-moon table h172_258 in red bilaminated plywood Ø90 cm with Ø40 mm steel structure. H 710 mm, natural edging.

The **Single half-moon table h172_258** is professional furniture designed for the configuration and setup of educational spaces, classrooms, and learning contexts. This table meets the operational need for versatile and easily combinable support modules to manage various training activities and optimize environment layout. Aimed at school managers, purchasing managers for educational institutions, and public bodies, the table features a shaped half-moon design with a diameter of 90 cm (Ø 90) and a steel load-bearing structure with 40 mm diameter tubing (Ø 40). The support surface is made of 20 mm thick colored bilaminated plywood, finished in red gradient 5 (RED GRAD. 5) and characterized by natural edging. The total height of the table is 710 mm.
