

Single-seater desk h908_04

Size 3 single-seater desk, 70x50 cm, with integrated footrest. Ergonomic structure without lower shelf for maximum postural comfort.

The **size 3 single-seater desk** is a technical solution designed for school and educational furniture, with a specific focus on ergonomics and students' postural health. The structure is conceived to facilitate concentration during prolonged study sessions, solving the problem of physical fatigue related to incorrect seating. The integration of the **footrest** allows for stable support of the lower limbs, promoting the natural alignment of the spine.
