

Single-seater desk h908_73

Single-seater school desk with Ø40 steel C-frame, 70x50 cm top and grid undershelf. Ideal for primary and secondary schools. The **h908_73 school desk** is a technical furnishing solution designed for the contemporary educational environment, where robustness and space optimization are fundamental requirements. The characteristic **"C" structure made of Ø40 steel tube** ensures superior structural stability, eliminating the front bulk of the legs to guarantee maximum freedom of movement for the student and facilitate access to the seat. The modern design in aluminum color integrates with an ivory-toned worktop, designed to promote brightness in the environment and concentration.

Technical specifications

- **Dimensions:** W 70 x D 50 x H 71 cm
