

Single-seater school desk h553_03

Single-seater desk for primary and secondary schools. Dimensions 70x50xh.59 cm.

Structure consisting of 4 distinct elements in 40x1.5 mm tubular steel connected to each other by 4 crossbars with a rectangular section of 40x20x1.5 mm. The connection of the various metal components is carried out via continuous wire welding, in order to make the structure more resistant and to leave it without imperfections and/or defects that could cause damage to people and/or things. The structure is painted using epoxy powder application, following degreasing and phosphating treatments, and subsequent polymerization in a thermal tunnel at 200°.

Technical features:

- Top material and color: milk-white melamine, 25 mm thick
- Frame color: RAL 9006 aluminum
- Dimensions: 70x50 cm
- Height 59 cm
- Size 3
