

Single waste recycling container 39.4 L h953_02

Waste recycling bin with 39.4 L capacity, anti-odor tilting lid and bag holder ring. Dimensions: 25 x 25 x h 70 cm.

The **single recycling container h953_02** is a practical and robust solution for managing waste in indoor environments such as offices, schools, and public spaces. Made of **1.5 mm iron sheet**, it guarantees strength and durability over time. The **slanted tilting lid** prevents waste accumulation and limits the escape of odors, making this container ideal for hygienic waste management.

The **hinged lid** is fixed to the body with **2 invisible screws** for a clean and elegant design. Inside the bin, there is a **butterfly bag holder ring** to fix the bag (not included in the supply) stably and securely. The base is welded to the bin body and equipped with **non-slip rubber feet** to protect the supporting surfaces and ensure stability.

Furthermore, it is designed with **easily separable** materials for subsequent recycling, making it an ecological and sustainable choice. Available in **different colors (see attached color chart)** to easily adapt to the environment where it is placed. It complies with the **UNE-EN 13501-1** fire resistance regulation. A **pictogram** is included: during the ordering phase, you can choose the type of waste icon (see attached image). The pictogram consists exclusively of the waste icon, without text.

Choose the **h953_02 container** for practical and safe waste management. **Order now** and improve the efficiency of waste separation in your environment!

Technical features:

- **Dimensions:** 25 x 25 x h 70 cm
- **Capacity:** 39.4 L
- **Weight:** 9.4 kg
- **Material:** 1.5 mm iron sheet
- **Lid:** hinged, slanted tilting with invisible screw fixing
- **Bag fixing system:** butterfly ring
- **Bags not included in the supply**
- **Base:** with non-slip rubber feet
- **Fire resistance:** UNE-EN 13501-1
- **Available colors:** various options (see color chart)
- **Pictogram:** 1 pictogram included - see attached image (specify the chosen pictogram when ordering)

User benefits:

- **Odor control:** slanted tilting lid for hygienic waste management.
- **Compact design:** small footprint to fit in limited spaces.
- **Surface protection:** rubber feet at the base to avoid scratches and damage to the floor.
- **Easy maintenance:** welded structure and resistant materials for simple cleaning.
- **Sustainability:** easily separable materials for facilitated recycling.

FAQ:

- 1. What are the dimensions of the container?**
The dimensions are 25 x 25 x h 70 cm, with a capacity of 39.4 liters.
- 2. Is the container suitable for public environments?**
Yes, it's ideal for offices, schools, commercial areas and other indoor spaces.
- 3. How is the bag fixed inside?**
It is equipped with a butterfly ring that allows the bag to be firmly fixed.
- 4. Is the container fire resistant?**
Yes, it complies with the **UNE-EN 13501-1** fire resistance regulation.
- 5. Is the structure stable on smooth floors?**
Yes, the base with non-slip rubber feet guarantees stability on any surface.

Buying Guide:

When choosing a container for **waste recycling**, it is important to consider the characteristics of resistance, practicality, and design. The **h953_02** model is designed to offer a compact and functional solution for indoor environments such as offices, schools, and common areas.

Thanks to the **1.5 mm iron sheet structure**, it is robust and durable. The **tilting lid** prevents the escape of odors and facilitates waste disposal. In addition, the base with **non-slip rubber feet** ensures stability and protects surfaces from potential damage. The availability in **different colors** allows you to easily organize waste separation according to the needs of your environment.

By choosing the h953_02 container, you invest in a durable, hygienic, and sustainable solution for waste management.

Waste recycling container, waste bin, bin with tilting lid, iron sheet container, anti-odor bin, bag holder ring, public environment container, recyclable collector, indoor bin, fire-resistant bin.
