

Six-seater painted steel umbrella stand h520_07

6-seater umbrella stand in powder-coated tubular steel (52x26x54.5 cm), ideal for the functional organization of small entrances. This umbrella stand is a functional and essential solution, designed specifically to meet the needs of **small hospitality structures** and professional contexts where space optimization is fundamental. The structure, characterized by a linear design, allows for maintaining order at the entrance while protecting surfaces from dripping during rainy days.

Technical features

- **Structure:** tubular with 20 mm diameter
- **Surface treatment:** high-resistance epoxy powder coating
- **Capacity:** 6 individual places for stick or folding umbrellas
- **Dimensions:** W.52 x D.26 x h.54.5 cm
- **Stability:** rectangular base designed to prevent tipping
