

Small armchair for meeting rooms h776_44

Conference armchair in steel and wood with eco-leather upholstery. Dimensions 65.5x57.5x85 cm. Horizontally stackable design for meeting rooms.

This **conference armchair** is designed for the professional setup of congress halls, meeting spaces, and environments dedicated to corporate or institutional meetings. The seat combines a formal aesthetic with an **internal load-bearing structure in steel and wood**, guaranteeing stability and resistance to intensive use in collective contexts. Ergonomics is provided by padding in **differentiated density polyurethane resins**, made through cold-foaming and block-cutting, which ensures the maintenance of shape over time and optimal support during prolonged sessions.

Technical features

- **Dimensions:** W.65.5 x D.57.5 x h.85 cm
