

Small chair for nursery and preschool with wooden seat and backrest h908_176

Small armchair size 1 with armrests, beech seat and backrest. Dimensions: W 28 x D 28 x H 26 cm.

The **h908_176 preschool chair** is a **small armchair with armrests**, designed to offer comfort, ergonomics and durability in the furnishing of nurseries and educational environments for the 4-6 age group. The combination of **sturdy materials** and functional design makes it suitable for daily use in school contexts.

The structure consists of a **Ø 22 mm painted steel tube frame**, which guarantees **solidity, lightness and stability**. The **seat and backrest are made of beech plywood**, a durable and easily sanitizable material. The **side armrests** offer additional support while sitting and help the child maintain a correct posture, favoring autonomy in movements.

With a **seat height of 26 cm**, the armchair falls under **size 1**, ideal for nursery and preschool children, in full compliance with the **EN 1729** standard. The product is ready for use.

FAQ:

1. **What is the size of the chair?**
The chair falls within size 1.
2. **Does it comply with school regulations?**
Yes, it complies with the EN 1729 standard on ergonomics for school furniture.

3. **What materials are used?**

Painted steel structure and beech plywood seat/backrest.

4. **Are the armrests useful?**

Yes, they offer postural support and help the child sit independently.

5. **What are its dimensions?**

The dimensions of the chair are W 28 x D 28 x H 26 cm.

Mini buying guide:

Small armchairs with armrests are an ideal choice for preschool-aged children.

Size 1 (26 cm) ensures an adequate seat height, while materials such as **beech plywood** and **steel tubing** ensure solidity and hygiene.

The **armrests** not only increase comfort but also promote correct posture and the autonomy of children. **Compliance with the EN 1729 standard** is essential to ensure safety and well-being in the classroom.
