

Smart bench without backrest h888_02

Smart bench without backrest with central control unit and 4 USB charging ports. Dimensions: W. 180 x D. 52 x H. 43 cm.

This **smart bench without backrest** is designed to integrate perfectly into various installation contexts, **both** in crowded **indoor and outdoor** environments. Its **robust structure** is made of **galvanized and powder-coated steel**, ensuring durability and resistance to atmospheric agents. The **seat**, composed of **WPC (Wood Plastic Composite) slats**, an eco-sustainable and 100% recyclable material that offers resistance over time. The design of the steel load-bearing structure features **rounded edges** to avoid sharp corners and ensure maximum safety. Below the seat there is a **technical compartment in sheet metal**, firmly anchored to the structure via threaded bolts and protected by a zinc alloy safety lock, **inspectable** thanks to a **toggle closure with key**. The protection of the steel elements is reinforced by a painting process with a zinc-based anti-corrosive primer and a final finishing layer. The bench is equipped with a **central control unit** and includes **four USB charging ports**, offering advanced functionality and convenience for the user in any urban context.

Technical characteristics:

- Dimensions: W. 180 x D. 52 x H. 43 cm
- Weight: 80 kg
- Without backrest
- Structure material: galvanized and powder-coated steel
- Structure with rounded edges
- Structure color: anthracite RAL 7016
- Seat material: W.P.C. (Wood Plastic Composite), composite material, eco-sustainable and resistant to outdoor exposure
- Seat in slats of 1500 x 130 x 22 mm
- Seat color: brown
- For indoor and outdoor
- Technical compartment in sheet metal, located below the seat and anchored to the structure via threaded bolts, inspectable and protected with a toggle closure with key
- Central control unit
- No. 4 USB charging ports (2 pairs of USB 2.0 type A sockets with self-sealing cap for protection against rain and dust)
- The maximum total deliverable current for the USB charging ports is 6A at 5V (split over the 4 ports)

Central control unit characteristics:

- CPU: 1.2GHz 64-bit quad-core ARMv8
- RAM: 1GB LPDDR2 (900 MHz)
- Connectivity: 802.11n, Bluetooth 4.1, Ethernet 10/100
- 4 USB 2.0 Ports
- Storage memory: 8GB SD card

**Indicative image.*

**Upon request, it is possible to customize the structure, seat and backrest in different colors.*

**Upon request, it is possible to equip the bench with additional options.*
