

## Smooth gym mirror 100x200 cm h731\_58

Smooth posture mirror. Dimensions: W. 100 x h. 200 cm.

**Smooth mirror ideal for performing postural analysis** and for getting patients used to correct posture. An essential tool within physiotherapy centers, rehabilitation centers, gyms, and sports centers, it is composed of a mirror joined to **injected foam agglomerate**, an **MDF closing back** and an **aluminum frame**. The mirror includes an **accident-prevention adhesive film** to prevent fragments from dispersing in the surrounding space in case of breakage. **Patented, it can be positioned on the wall**

or on trolleys.

**Technical features:**

- Dimensions: W. 100 x h. 200 cm
- Type: smooth
- With accident-prevention adhesive film
- MDF back
- With aluminum frame
- Fixing: wall-mounted or on a trolley (not included)
