

Snail-shaped soft seat for nursery school h681_48

Snail-shaped soft seat h681_48 for nursery school, with polyurethane foam padding and fire-retardant eco-leather upholstery. Dimensions: W 97 x D 30 x h 86 cm – Pouf: Ø 65 x h 30 cm.

The **h681_48 snail-inspired soft seat** is an ideal furnishing accessory for nurseries, kindergarten schools, and other environments dedicated to young children. This product is designed to offer a cozy and comfortable corner where children can relax, play, or carry out group activities in complete safety. Thanks to its original snail-shaped design, the seat stimulates children's curiosity while providing ergonomic and enveloping support.

The **internal structure** is made of **open-cell polyurethane foam** with a density of 25 kg/mc, a material that guarantees comfort and resistance to wear, maintaining its original shape even after prolonged use. This type of padding offers soft and comfortable support, promoting correct posture and relaxation.

The **outer cover** is made of high-quality **eco-leather**, phthalate-free (composition PVC 88% PES 12%), ensuring **maximum safety** for young users. This material is **fire-retardant (fire reaction class 1IM)** and treated with **stain-resistant, antibacterial, and antifungal** properties. These features make the product not only safe but also very practical for daily use in school environments, where hygiene is fundamental. The eco-leather finish is also **elastic and soft to the touch**, contributing to a welcoming and reassuring atmosphere for children.

The **removability** of the cover is guaranteed by a practical zipper matching the upholstery, equipped with a **slider** protected by a hidden pocket to prevent children from manipulating it. This makes maintenance and cleaning of the seat extremely simple, allowing operators to easily maintain a high level of hygiene.

The **design** of the seat includes **2 internal seams** and **1 visible topstitch** that outline its shape, enhancing the aesthetics and quality of the product. The edges and seams are designed to ensure robustness and durability, keeping the seat intact even in intensive contexts such as schools.

Add a touch of imagination and comfort to your educational space with the **h681_48 snail seat**! Perfect for creating a soft and safe corner, this small armchair will win over adults and children alike, providing a welcoming and lively environment. Choose quality and cheerfulness for your nursery or kindergarten now!

- **Ease of maintenance:** removable cover treated for easy cleaning.
- **Durability over time:** high-quality materials and resistance to wear ensure a long useful life, even with frequent use.

FAQ:

1. **Is this seat suitable for play areas as well as relaxation?**
Yes, the snail-shaped seat is designed to be versatile and used for both playtime and moments of relaxation and reading.
2. **What safety certifications does the covering material have?**
The eco-leather cover is fire-retardant class 1IM, stain-resistant, antibacterial, and antifungal, ensuring a safe environment for children.
3. **How is the seat kept in good condition over time?**
Thanks to the stain-resistant treatment and removability, the seat is easy to clean and maintain in perfect condition even with intensive use.
4. **Is the seat stable enough for younger children?**
Yes, the shape and materials guarantee good stability, offering a safe and comfortable seat.
5. **What are the dimensions of the seat and the pouf?**
The seat measures W 97 x D 30 x h 86 cm, while the pouf has a diameter of 65 cm and a height of 30 cm.

Mini buying guide:

The **h681_48 snail-shaped soft seat** is an excellent choice for those who wish to furnish early childhood spaces with safe, practical elements and original design. Ideal for nurseries and kindergarten schools, this snail-shaped pouf is not just a piece of furniture, but also an element that stimulates the creativity and play of the little ones.

When choosing a soft seat for children, it is essential to consider both the **quality of materials** and the **safety of the finishes**. This model, made with **polyurethane foam padding** and **non-toxic and fire-retardant eco-leather cover**, guarantees comfort and resistance, two essential aspects in a school context. Furthermore, the possibility of easily removing the cover makes **maintenance simple**, allowing for a consistently hygienic environment.

Thanks to its **attractive shape** and colors, the seat integrates harmoniously into modern educational environments, adding a touch of cheerfulness and personality. It is ideal both as a relaxation corner, where children can sit to play or read, and as an accessory for group activities, encouraging socialization and sharing.

By choosing the h681_48 seat, you invest in a high-quality product that combines **functionality, safety, and design**, making your educational space a welcoming and child-friendly place.
