

Soap and hand sanitizer dispenser h18534

Automatic no-touch dispenser in AISI 304 stainless steel, 1L capacity. Anti-vandal structure for liquid soap and professional sanitizing gel.

The **no-touch electronic dispenser** represents an advanced solution for hygiene management in professional and high-traffic contexts. Made of **AISI 304 stainless steel** with a polished finish, the device combines impeccable aesthetics with superior structural resistance, necessary to counteract mechanical wear and potential vandalism attempts. The photocell dispensing system eliminates the need for physical contact, ensuring high hygiene standards and drastically reducing the risk of bacterial cross-contamination.

The internal configuration features a **1-liter refillable tank**, compatible with both traditional liquid soap and alcohol-based sanitizing gels. Battery power makes the installation independent of the electrical grid, simplifying placement on walls of different types thanks to the included fixing kit.

Technical features

- **Material:** AISI 304 stainless steel (UNI X5 CRNI 1810)
- **Finish:** Mirror polished
- **Dimensions:** W. 120 x D. 110 x H. 270 mm
- **Capacity:** 1 liter (refillable tank)
- **Operation:** Infrared sensor (No-Touch)
- **Power supply:** 3 type C 1.5V batteries (not included)
- **Safety:** Front closure with key lock
- **Installation:** Wall mounting with kit provided
- **Compatibility:** Liquid soaps and sanitizing gels
