

Soap dispenser for hotel bathrooms h957_49

Manual 750 ml soap dispenser in white ABS, dimensions 13.4x9x23.5 cm. Ideal for professional environments thanks to the inspection window.

The **h957_49 soap dispenser** is a technical solution designed to guarantee hygiene and durability in professional and high-traffic contexts. Made of **white ABS plastic**, the device offers high protection against mechanical impacts and the constant humidity typical of bathroom environments. The structure is designed to optimize routine maintenance: the **transparent front window** allows immediate monitoring of the remaining product, reducing inspection times for cleaning staff.

The **manual push-button** dispensing system ensures operational reliability over time, eliminating the maintenance costs associated with electronic sensors and batteries. With a **capacity of 750 ml**, the dispenser is a versatile solution for dispensing liquid soap, sanitizing gels, or specific detergents.

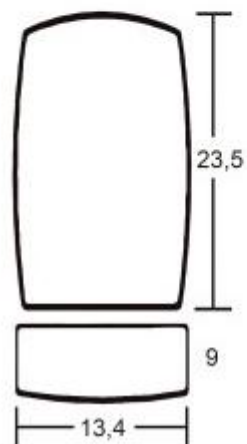

Technical features

- **Volumetric capacity:** 750 ml
- **Construction material:** High-resistance ABS plastic
- **Actuation system:** Mechanical pressure button
- **Monitoring:** Integrated level inspection window
- **Installation:** Wall mounting with fixing kit included (screws and wall plugs)
