

Soap dispenser for public restrooms h226_24

Soap and gel dispenser equipped with an infrared sensor. Power: 6W. Dimensions: W.181 x D.91 x H.257 mm.

The automatic soap and gel dispenser is the ideal product for public restrooms and toilet facilities in motorway service areas, shopping centers, and accommodation facilities. **The dispenser operates automatically** thanks to an **infrared sensor** for hand position detection, the distance of which from the product is adjustable via a trimmer. The product consists of a **white anti-UV plastic front cover**, a **black plastic wall flange**, a **removable high-density polyethylene gel or liquid soap container**, and a **white plastic resin drip tray**.

Technical features:

- Material: plastic
- Suitable for gel and liquid soap
- Automatic operation via infrared sensor
- Overflow proof
- Container capacity: 0.5 L
- Frequency: 50-60 Hz
- Impact protection rating: 09 IK
- IP protection rating: X4
- Insulation: Class II
- Max power consumption: 6W
- Motor power: 6W
- Voltage: 220-240 V
- Dimensions: W.181 x D.91 x H.257 mm
