

Soap or gel dispenser 0.8 lt h647_29

Automatic soap dispenser battery-powered. For liquid soap/sanitizing gel. Capacity: 0.8 lt.

Touch-free dispenser for liquid soap or sanitizing gel with a **modern, simple and contemporary design**. The structure is made of **brushed stainless steel** while the top and bottom part is made of **black plastic**. It has a **capacity of 0.8 lt**. Its **operation** is **battery-powered** and its **fixing** is **wall-mounted**. The dose is dispensed by placing the hand at a distance of about 5 cm from the dispenser. Furthermore, there is a **blue LED indicator** that lights up when the automatic sensor detects the presence of the hand and the soap dosage is activated. The LED light also indicates when the battery is low, by flashing. Supplied with **key** to access the internal components of the dispenser.

Technical features:

- Dimensions: W. 122 x D. 106 x H. 270 mm
