

## Soft armchair for kindergartens h681\_43

Soft armchair h681\_43 with fire-retardant, antibacterial, and antifungal eco-leather upholstery, perfect for children's school environments. Dimensions: W 45 x D 57 x h 24/41 cm.

The **soft armchair h681\_43** is designed to offer comfort and safety to children in environments such as kindergartens and nursery schools, providing a cozy space for moments of relaxation, reading, and play. Made to ensure **maximum softness and resistance**, this armchair is an indispensable element for the furnishing of spaces dedicated to children.

The internal structure is composed of a combination of **polystyrene microgranules** with a density of 10 kg/mc and **polyester fiber**, enclosed in an **interlock internal lining**, equipped with a practical **zipper**. This particular combination ensures a stable but comfortable seat, adapting to the needs of safety and comfort in school contexts.

The outer cover is made of **phthalate-free eco-leather**, with a composition of PVC (88%) and PES (12%), which gives the material high resistance and a pleasant softness to the touch. The finish is treated to be **fire-retardant in class 1IM**, in addition to having **antibacterial, antifungal, and stain-resistant** properties, fundamental characteristics for use in school environments. The armchair is also **completely removable**, thanks to a **zipper matching the upholstery** and equipped with a slider hidden in a concealed pocket for greater safety.

The seams, designed with two internal and one visible topstitch, elegantly outline the shape of the armchair, adding a touch of style and refinement to the overall design. This structure not only provides stability but also makes the product resistant and durable even with intensive use by children.

Choose the **soft armchair h681\_43** to add a touch of comfort and safety to school spaces! Ideal for kindergartens and nursery schools, it is perfect for creating relaxation and reading corners. **Order now** to guarantee the little ones safe and quality furniture.

### Technical characteristics:

- **Dimensions:** W 45 x D 57 x h 24/41 cm
- **Removable cover**
- **Internal structure:** polystyrene microgranules with a density of 10 kg/mc and polyester fiber, covered in an interlock lining with zipper
- **Outer cover:** phthalate-free eco-leather (PVC 88% - PES 12%), fire-retardant class 1IM, antibacterial, antifungal, and stain-resistant
- **Seams:** 2 internal seams and 1 visible topstitch to outline the shape

### User benefits:

- **Maximum comfort:** combination of polystyrene and polyester fiber for a soft and stable seat.
- **Guaranteed safety:** fire-retardant, antibacterial, and antifungal coating, ideal for environments frequented by small children.

- **Easy maintenance:** stain-resistant and completely removable cover for easy cleaning.
- **Functional design:** reinforced seams that outline the shape and ensure durability over time.
- **Ideal for relaxation:** perfect for creating comfortable corners in kindergartens and nursery schools.

## FAQ:

### 1. What materials make the armchair suitable for children?

The armchair is made with a soft internal structure and a non-toxic eco-leather cover, fire-retardant and treated to be stain-resistant, antibacterial, and antifungal.

### 2. Is the armchair easy to clean?

Yes, the cover is stain-resistant and completely removable, facilitating cleaning and maintenance.

### 3. Is it safe for use in school environments?

Absolutely, thanks to the fire-retardant materials and the antibacterial and antifungal coating, it is designed to offer maximum safety to children.

### 4. Does the armchair maintain its shape with use?

Yes, the combination of polystyrene microgranules and polyester fiber guarantees a stable and comfortable seat even with frequent use.

### 5. What are the characteristics of the outer cover?

The cover is made of phthalate-free eco-leather, fire-retardant and treated against stains, bacteria, and fungi, ensuring long life and ease of maintenance.

## Mini purchase guide:

The **soft armchair h681\_43** is perfect for furnishing school spaces such as kindergartens and nursery schools with a product that is comfortable, safe, and easy to maintain. This armchair combines an ergonomic seat with high-quality materials designed to last. Its internal structure in polystyrene microgranules and polyester fiber ensures a comfortable seat that adapts to the movements of children, while the outer cover in fire-retardant and antibacterial eco-leather guarantees safety and resistance even with frequent use.

The cover, treated to be stain-resistant and completely removable, is designed to facilitate cleaning, keeping the armchair always in optimal conditions. This model is ideal for creating relaxation, reading, or play areas, offering the little ones a cozy and protected space. Furthermore, the rounded edges and reinforced seams ensure maximum safety and durability over time.

If you are looking for an armchair that combines comfort, practicality, and safety for daily use in school environments, the h681\_43 armchair is an excellent choice.
