

Soft armchair for nurseries and kindergartens h681_51

Soft armchair h681_51 in fire-retardant and stain-resistant eco-leather, with polystyrene and polyester padding. Dimensions: W 60 x D 79 x h 33/57 cm.

The **h681_51 soft armchair** is designed to offer children a comfortable and safe seating experience, ideal **for nurseries and kindergartens**. This armchair represents a perfect solution for reading areas, relaxation zones or play corners within educational environments, making the space welcoming and functional. The **internal structure** of the armchair is made with a mixed padding consisting of **polystyrene micro-granules** with a density of 10 kg/m³ and **polyester fiber**, which adapt to the shape of the child's body offering soft and stable support. The padding is enclosed in an **interlock lining with zipper**, making the internal structure protected and durable over time.

The **external cover** is made of **phthalate-free eco-leather** (composition: PVC 88%, PES 12%), with a **stain-resistant, antibacterial and antifungal treatment** that makes it particularly suitable for daily use in school environments. The eco-leather is **fire-retardant** in class 1IM, contributing to ensuring a **high level of safety**. The material, moreover, is soft and elastic, offering a comfortable and easy-to-clean surface.

This armchair also has a **removable cover**: the external cover opens via a **hidden zipper** in a retractable pocket, guaranteeing a uniform aesthetic appearance and greater safety. The structure of the product is finished with **sturdy seams**, specifically **2 internal seams and 1 visible topstitch**, which follow the shape of the armchair, ensuring both resistance and a neat and elegant look, perfect for school environments.

Add the h681_51 soft armchair to your educational space and offer children a welcoming and safe environment! Perfect for the reading corner or for moments of relaxation, this armchair combines comfort, safety and practicality. **Order now** and make your school's furniture unique!

User benefits:

1. **Guaranteed safety:** Made with fire-retardant materials and antibacterial treatments, ideal for environments with children.
2. **Easy maintenance:** Stain-resistant and removable cover for quick and easy cleaning.
3. **Softness and comfort:** Polystyrene and polyester padding, designed for comfortable support.
4. **Resistance to intense use:** High-quality materials and seams that resist daily wear and tear.
5. **Welcoming design:** Soft shape and suitable dimensions to accommodate children, perfect for encouraging moments of relaxation and reading.

FAQ:

1. **Is it easy to clean?**

Yes, the eco-leather cover is stain-resistant and can be easily cleaned with a damp cloth. Furthermore, it has a removable cover, allowing for deeper cleaning when necessary.

2. **Is the armchair safe for daily use in nurseries and schools?**

Absolutely. It is made with fire-retardant, antibacterial, and antifungal materials, and the edges are free of sharp corners, ensuring safe use in environments frequented by children.

3. **How is the comfort of the armchair maintained over time?**

Thanks to the open-cell polyurethane foam padding and the quality of the materials, the armchair maintains its shape and original comfort even with intensive use.

4. **Is it possible to remove the cover?**

Yes, the external cover is equipped with a hidden zipper and is removable, making it easy to remove for cleaning or any replacements.

5. **Is the armchair resistant to impacts and wear?**

Yes, it is designed to last over time. The sturdy internal structure and reinforced seams make the armchair resistant to impacts and wear, ideal for daily use in school environments.

Mini buying guide:

The **h681_51** soft armchair is the ideal solution for creating welcoming and safe spaces in educational environments such as nurseries and kindergartens. Before purchasing, it is important to consider the quality of the materials, especially for furniture intended for intensive use and in contact with children. This armchair is designed to last over time thanks to the internal structure with polystyrene micro-granules and polyester fiber, which guarantee comfort and durability.

The external eco-leather cover is a fundamental aspect for those looking for products that are easy to clean and keep hygienic: it is stain-resistant, antibacterial, and fire-retardant, ensuring protection against wear, dirt, and bacteria. Furthermore, the fact that it has a removable cover makes maintenance even simpler.

Another feature to consider is **safety**. The design of the armchair with rounded edges and no sharp corners complies with safety regulations for furniture intended for children. The **h681_51** armchair has been designed to offer not only comfort but also stability and resistance to impacts and frequent use, making it perfect for school needs.

For those looking for a versatile and durable solution, this armchair represents an excellent choice for furnishing spaces dedicated to childhood, offering **quality, comfort, and practicality**.
