

Soft curved bench for kindergarten h681_55

Padded curved bench for kindergarten, in class 1IM fire-retardant eco-leather, with stain-resistant and antibacterial treatment. Dimensions: 127 x 48 x h 30 cm.

The **soft curved bench for kindergarten h681_55** is a practical and safe solution for furnishing educational environments dedicated to children, such as preschools and kindergartens. Made with an **internal padding in open-cell polyurethane foam** with a density of 25 kg/mc, it guarantees a high level of comfort and softness for the little ones.

The **outer cover**, in **class 1IM fire-retardant eco-leather**, is phthalate-free and equipped with a **stain-resistant, antibacterial, and antifungal** treatment, making it resistant to daily use and easy to clean. This material is designed to offer softness and elasticity, ensuring maximum safety for children during play or relaxation.

The bench has a **removable cover** thanks to a practical **matching zipper**, equipped with a slider protected by a concealed pocket, to avoid direct contact with children. The curved design is finished with **two internal seams** and a visible topstitch that gives a touch of elegance, outlining the shape of the model. With its **curved shape** and generous dimensions, this piece of furniture is perfect for creating welcoming and functional spaces within kindergartens and preschools.

Choose the **soft curved bench h681_55** to furnish your kindergarten in a safe and elegant way. **Order today** to ensure maximum comfort and safety for your little guests!
