Soft restaurant placemat h1025_46

Soft 27x24 cm placemat in eco-sustainable faux leather (2 mm thickness). Liquid-resistant surface and easy to sanitize for HoReCa.

The **h1025_46 soft round restaurant placemat** is a charger plate with a refined design conceived to enhance the table setting in professional contexts. Structured with a thickness of 2 mm, it features clean lines and regular shapes that guarantee an orderly and contemporary mise en place. Ideal for the HoReCa sector, this element solves the operational problem of continuous maintenance typical of textile supports, offering a waterproof and easily sanitizable surface. The construction in eco-sustainable faux leather, used for both the top and bottom layers, ensures maximum aesthetic versatility, combined with extreme structural resistance for intensive use, maintaining a professional style in every detail.
