# Soft round placemat for restaurants h1025_45

Round placemat in eco-friendly faux leather (Ø 20 cm, thickness 2 mm). Resistant to liquids and wear for a professional mise en place.

The **soft round placemat for restaurants h1025_45** is a refined charger plate designed to enhance table settings in professional contexts. Structured with a thickness of 2 mm, it features clean lines and regular shapes that guarantee an orderly and contemporary mise en place. Ideal for the HoReCa sector, this element solves the operational problem of continuous maintenance typical of textile supports, offering a waterproof and easily sanitizable surface. The construction in eco-friendly faux leather, used for both the top and bottom layers, ensures maximum aesthetic versatility combined with extreme structural resistance for intensive use, maintaining a professional style in every detail.
