Soiled and clean laundry trolley h564_51

Soiled-clean trolley in AISI 304 stainless steel, 1000x680x1140 mm. Integrated laundry management with lockable cabinet and double bag holder rings.

The integrated laundry management trolley is a professional solution designed to optimize collection and distribution operations in healthcare and hospital settings. Made entirely of **AISI 304 stainless steel**, it guarantees the highest standards of hygiene and corrosion resistance. The structure combines a module for soiled collection, equipped with **two rectangular bag holder rings** with ABS retainers, and a clean module consisting of a **protected cabinet**. The internal cabinet is configured with two shelves and a hinged door with a 270° opening for easy access, complete with a safety lock.

Technical features

- **Material:** High-quality AISI 304 stainless steel
- **Soiled Section:** 2 rectangular bag holder rings with ABS bag locks (385x260x25 mm) and steel base shelf
- **Clean Section:** Stainless steel cabinet with 2 internal shelves and upper containment railing
- **Closing:** Hinged door with 270° opening and key lock
- **Movement:** 4 solid rubber swiveling wheels (Ø 125 mm), 2 of which are equipped with brakes
- **Protection:** 4 non-marking PVC corner bumpers
- **Total dimensions:** 1000 x 680 x 1140(h) mm
- **Weight:** 44 kg
- **Operational capacity:** Soiled section 140 liters / Clean section 50 kg

Optional extras available on request:

- Lids for bag holder rings
