

## Solid wood luggage rack h43864

Hotel luggage rack, without backrest in solid wood. Dimensions (mm) 590x460x510

The **solid wood luggage rack h43864** is an essential piece of furniture, designed to offer functional and professional support within every hotel room or accommodation facility. Characterized by an **X-shaped solid wood structure** with a refined **satin finish**, this luggage rack combines the solidity of natural materials with a sober and elegant aesthetic. The support surface is composed of **5 black nylon and polyester straps**, strategically arranged to support the weight of the luggage in a balanced and secure way. Thanks to its **foldable** nature, the product effectively solves the problem of bulk: when not in use, it can be easily folded and stored, optimizing room space and simplifying cleaning operations for the staff.
