

Spill pallet for pallets with PE grid h1042_12

Spill pallet for pallets with PE grid h1042_12, capacity 400 L, for 1 industrial pallet or 4 x 200 L drums. Made of high chemical resistance black LLDPE, DIBt approved.

The **Spill pallet for pallets with PE grid h1042_12** is a containment and safety system made of high-quality uncoated black polyethylene (PE / LLDPE), characterized by high chemical resistance. Specifically designed for indoor environments, this tray is suitable for the safe storage of substances such as AdBlue®, brine, liquid fertilizer, antifreeze, windshield washer fluid, chemicals, alkaline solutions, acids, and pesticides, in compliance with the German approval **DIBt Z-40.22-579**. The structure is sized to accommodate 1 industrial pallet of 120 x 120 cm, euro-pallets of 120 x 80 cm, or similar-sized plastic pallets, allowing the direct positioning of 4 drums of 200 liters. Thanks to the maximum load capacity of 1200 kg and the integrated pockets, the tray is forkliftable on 4 sides for simple and safe handling via forklift or pallet truck, even with loaded pallets positioned directly on the 4 PE gratings included. It can be placed directly on the floor without the need for any additional structure and is geometrically stackable to optimize storage space.

Technical features

- **Collection capacity:** 400 l
- **Collection capacity to the top rim:** 500 l
- **External dimensions (W x D x H):** 129 x 129 x 50 cm
- **Weight:** 28 kg
- **Maximum load capacity:** 1200 kg
- **Sump material:** LLDPE (high-quality polyethylene), uncoated
- **Container color:** black
- **Installation site:** indoor
- **Storage configuration:** 1 industrial pallet or 4 x 200 l drums (also suitable for 60 l drums)
- **Pallet compatibility:** euro-pallets 120 x 80 cm, industrial pallets 120 x 120 cm and similar plastic pallets
- **Forkliftable:** yes, on 4 sides (integrated forklift pockets)
- **Fork pocket dimensions:** 195 mm
- **Fork pocket distance:** 180 mm
- **Stackable:** yes
- **Grating material:** PE (polyethylene)
- **Number of gratings included:** 4
- **Approval:** DIBt Z-40.22-579
- **Compatible fluids / substances:** AdBlue®, Brine, Liquid fertilizer, Antifreeze, Windshield washer fluid, Chemicals, Alkaline solutions, Acids, Pesticides
