## Spring rider for kindergarten outdoor spaces h350\_222

Polyethylene spring rider for kindergarten outdoor spaces. Dimensions: W.73 x D.28 x H.85 cm.

The **dog-shaped spring rider** is an ideal product for furnishing the **outdoor areas of kindergartens and schools, but also for urban areas such as playgrounds and public gardens**. The product is made of **polyethylene with rounded edges** to ensure children's safety and is complete with **colored nylon handles and footrests**. The structure is fixed on a powder-coated steel spring and is complete with an **anti-finger-trap device**. Assembly of the product is carried out using **galvanized steel bolts and self-locking nuts**. For ground anchoring, galvanized metal attachments are provided. The product is available both **with floor-level fixing and for underground installation**.
