

Spring rider for nursery school gardens h749_07

Frog-shaped HDPE spring rider for outdoor play areas. Dimensions 58x42x80 cm, ideal for schools and parks thanks to its rounded edges.

The frog-shaped spring rider **h749_07** is a professional play solution designed for the setup of outdoor recreational areas subject to intensive use. The structure, characterized by an attractive figurative design, is studied to integrate perfectly into school gardens, public parks, and beach resorts. Made with thick **two-tone HDPE panels**, the game guarantees superior resistance to atmospheric agents and excellent passive safety, thanks to the careful processing of all edges, strictly rounded to eliminate any sharp profiles.

Technical characteristics

- Dimensions: L.58 x W.42 x h.80 cm
- Material: 19mm two-tone HDPE (High Density Polyethylene)
- Recommended age of use: 2-6 years
- Free fall height (FFH):
