## Spring rocker horse h35112

Plastic spring rocker in the shape of a horse. Dimensions: W24 x D99 x H92 cm

Spring rocker in the **shape of a horse** perfect for enriching playgrounds and gardens. Structure made entirely of **fully recyclable PE-HD polyethylene** and treated for protection against UV rays. The spring base made with 20mm wire is tested and certified and anchored at the ends via the **Spring Disk system**; furthermore, it features a patented nylon U-bracket at the top fixed to the spring disk, which guarantees the perfect union and seal between the spring and the rocker silhouette. The equipment is equipped with **non-slip handles** for hand and foot support, also made of polyethylene. The fixing support is **anchored to the ground** and is made of hot-dip galvanized steel which guarantees **corrosion resistance**. All iron parts are made of stainless steel and galvanized steel.

### Technical features:

- Dimensions: W24 x D99 x H92 cm
- Spring group with 20 mm wire
- Material: polyethylene, stainless steel and galvanized steel
- Shape: horse
- Fixing: to be buried
- With non-slip handles
- Weight: 25 kg
- Age of use: 0-12 years
- Designed and manufactured in accordance with EN1 176-1:2017-6:2017 standards
- TUV certified

## INFORMATION

- **Height** 92 cm
- **length** 99 cm
- **Width** 24 cm
