

Square breakfast trolley h2266

Service trolley with stainless steel structure. Square black MDF top with folding side flaps. Available in different sizes. Made in Italy.

The breakfast trolley is the ideal solution **for serving breakfast** to your guests with simplicity and elegance.

Sturdy **stainless steel** structure complete with practical swivel castors to facilitate movement.

The square top is in black core MDF protected by a water-repellent transparent finish with folding side flaps. Furthermore, it is possible to **rotate the top by 90°** to reduce bulk and allow for stackability.

The **service trolley h2266** is available in the following sizes:

- 80x80 cm
- 90x90 cm
- 100x100 cm

Technical features:

- Stainless steel structure
- Finish: brushed
- Square MDF top protected by water-repellent
- Color: black
- Height: 78 cm
- Foldable and stackable
- 4 swivel castors with Ø 9.5 cm (two of which with brakes)
- Made in Italy
