

## Square pallet box 700 lt perforated h. 76 cm h836\_21

Industrial perforated HDPE cargo pallet, 1130x1130 mm, capacity 700 liters. Suitable for food use and ventilated storage in professional environments.

The **industrial cargo pallet** is a professional solution designed to optimize storage and handling processes in intensive contexts. Made of **HDPE (high-density polyethylene)**, this container ensures high mechanical resistance and constant structural stability. The configuration with **perforated walls** is specifically designed to guarantee correct air circulation, making it indispensable for storing products that require aeration or for use in cold rooms. The certification for **food contact** allows for its immediate integration into agrifood and production chains.

## Technical features

- External dimensions: 1130 x 1130 x 760 mm
- Internal dimensions: 1040 x 1040 x 570 mm
- Capacity: 700 liters
- Configuration: perforated walls for ventilation
- Material: high-resistance HDPE (High-Density Polyethylene)
- Food suitability: certified for direct contact with food
- Color: grey

### Optional:

- Matching grey drop-on lid
