

Square picnic table and benches for green spaces h773_28

Square picnic table with 4 benches in class III pressure-treated solid pine wood. Dimensions: W 254 x D 254 x H 45 - 80 cm.

The **square picnic table for urban furniture H773_28** is an ideal solution for setting up **public green spaces, parks, picnic areas, campsites, and school courtyards**. Designed for intensive outdoor use, the square layout design with **four integrated benches** ensures **maximum seating capacity**, promoting moments of conviviality and sharing in public environments.

The tabletop and benches are made with **4.5 x 12 cm wooden slats**, sturdy and resistant, capable of withstanding daily use and external weather conditions. The **generous dimensions** of the structure (254 x 254 cm) allow multiple people to sit comfortably on the four sides, making it perfect for large groups or outdoor activities.

The benches, **integrated into the table structure**, ensure stability and safety even in contexts with children or in the presence of high user turnover. The symmetrical arrangement is designed to offer **accessibility from every side**.

Thanks to the materials used and the functional design, the H773_28 model is an excellent choice for municipal administrations, schools, public bodies, and campsites that want to invest in **durable and low-maintenance urban furniture**.

Create a convivial and resistant space in your outdoor environments! Order the **H773_28 picnic table** or request a custom quote for public or private supplies.
