

Square planter for urban furniture h287_174

Galvanized steel planter in anthracite grey for public spaces. Dimensions: 60x60xh73 cm.

Urban furniture planter with an antique design and **square shape**, ideal for decorating outdoor spaces with style. The planter is made using a 30x30x2 mm section profile and 20/10 thick galvanized steel sheet. At the bottom, there are **four iron knobs** acting as supports. On the four sides, four decorative elements in cast steel are fixed. The galvanized steel parts first undergo a degreasing pre-treatment of impurities through vapor solutions, then dried and subjected to painting operations using electrostatic spray guns that cover the pieces with **powder paint in a flourey state**. Subsequently, the product is subjected to polymerization in the oven, a process that allows the powder to solidify by baking at a temperature of 180/200° C in a hot air circulation oven. The pieces coming out of the oven are cooled naturally. The powders used in the painting process are **non-toxic according to current regulations**.

Technical features:

- Galvanized steel sheet material
- Anthracite grey colour
- Dimensions: 60x60xh73cm
- Anchoring: flush to the ground
- Capacity: approx. 275 litres

INFORMATION

- **Length in millimeters** 600.000000
- **Depth in millimeters** 600.000000
- **Height in millimeters** 730.000000
- **shape** square

Square planter for urban furniture h287_174
