

Square planter for urban furniture h28749

Square-shaped planter ideal for urban furniture. Made of concrete and steel. Dimensions: W65 x D65 x H70 cm

The planter represents an ideal furnishing accessory for beautifying city streets, parks and public gardens.

The product is particularly suitable for delimiting urban historic centers thanks to its design and the materials used.

The planter features a **square shape** and is made of **white travertine-type concrete** treated with **anti-degradation** finish that makes it resistant and durable over time.

The concrete conglomerate is "covered" by a **galvanized tubular steel frame** with \varnothing 60 mm galvanized round steel tube uprights equipped at the top with hemispherical decorative elements.

The painting process involves the use of **non-toxic powders according to current regulations**, making the planter a safe and high-quality item.

Technical features:

- Shape: square
- Material: concrete and galvanized steel
- Color: white travertine-type and anthracite grey tubular
- Anchoring: flush to the ground
- Dimensions: 65 x 65 x H70 cm
- **ISO 9001 Quality System Certification**
