

Square table for nursery school h735_02

Square desk 65x65 cm for nursery schools in wood fiber conglomerate, Esaflex shockproof edges and colored polypropylene legs.

The **square desk for early childhood** is a piece of furniture specifically designed for setting up nursery schools and playrooms. The structure is conceived to favor **educational activities**, both individually and in groups, ensuring an ergonomic work environment for children. The top is made of **scratch-resistant wood fiber conglomerate**, a material chosen for its resistance to daily wear, while the edges are finished with **Esaflex** technology: a soft, rounded, and shockproof coating that ensures the highest standards of passive safety. The legs, made of **high-density polypropylene**, are connected to the top via four corner connectors that provide stability and allow for quick assembly and disassembly operations.

Technical features

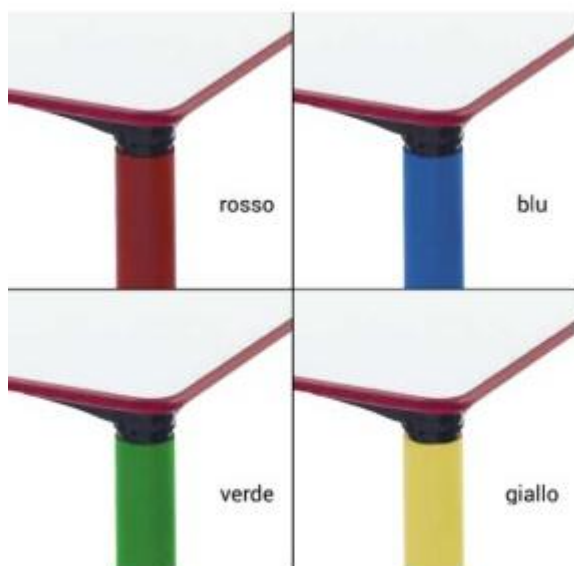

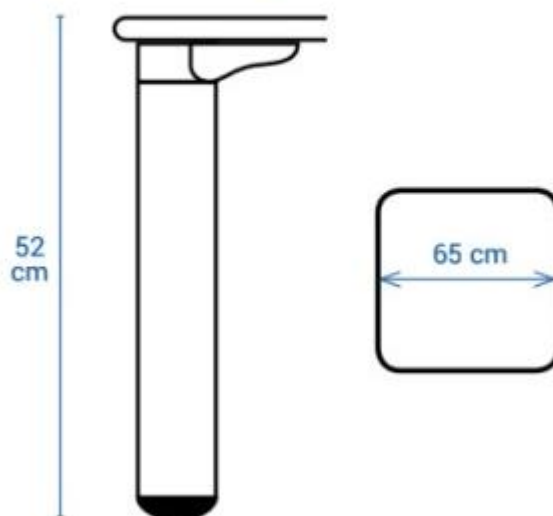

- Dimensions: 65 x 65 x h.52 cm
- Top material: High-resistance wood fiber conglomerate
- Surface treatment: Scratch-resistant finish
- Edging: Soft Esaflex profile, shockproof and rounded
- Leg material: Performance polypropylene
- Assembly system: 4 stabilizing corner connectors
- Modularity: Removable legs for logistical optimization
- Customization: Legs available in different color variants
